

Project description

The Trinity-Pawling School, founded in 1907, is an independent college preparatory boarding school for boys from seventh grade through postgraduate year. In terms of sport facilities and equipment, such a prestigious institution would deserve only the best. We had the privilege to recommend the best flooring product ever invented: The Taraflex M Performance 9mm. Durability, Comfort, Safety, Performance and Design. Everything in one product. How lucky they are ! Thank you, Harry M (Thor Performance Products)”.

Project Details
